

ALEX PEACOCK-MEIER

UX & Product Designer | London | alex.peacockmeier@gmail.com | 07539219377
Portfolio: alexpeacockmeier.com

PROFILE

UX & Product Designer with a background in architecture and over 14 years' experience designing around people's needs. My transition into UX builds on years of solving complex design problems through research, iteration and human-centred thinking.

UX PROJECTS

Olive - Health & Wellbeing App

Designed an all-in-one wellbeing app to simplify everyday health management.
Conducted user research and usability testing to identify friction points.
Created wireframes and high-fidelity prototypes in Figma.
Improved navigation and task completion through iterative design.

Skylane - Travel Booking App

Designed a travel booking experience focused on easier comparison and decision-making.
Structured complex travel information into scannable, user-friendly layouts.
Reduced cognitive load through improved hierarchy and interaction flow.
Designed end-to-end user journeys from search to booking.

The Other Room - Dating Experience Concept

Designed a curated dating experience focused on meaningful real-world connections.
Developed onboarding and application flows to reduce user uncertainty.
Defined product direction and tone to differentiate from traditional dating platforms.
Created high-fidelity interfaces for a structured, premium experience.

PROFESSIONAL EXPERIENCE

Founder & Interior Designer | London & Europe

2015 - 2026

Founded and ran an interior design studio, delivering residential projects from concept to completion.
Solved complex spatial and usability challenges across multiple projects.
Produced detailed design documentation and specifications.
Collaborated with clients, contractors and suppliers throughout project delivery.
Balanced client needs, budgets and technical constraints.

Studio Manager/Design Assistant | Platform 5 Architects, London

2014-2015

Supported the design and delivery of residential and mixed-use projects.

Prepared visual and technical documentation to communicate design concepts.

Collaborated with multidisciplinary teams to refine solutions and resolve design challenges.

Architectural Designer | Coolstock

2012-2014

Developed layouts and spatial concepts with a focus on usability and user experience.

Produced technical drawings and documentation for client and planning submissions.
